thiengk563@gmail.com

webbythien.com

Passionate software engineer with a year of hands-on experience as a Backend Developer. I've thrived on developing blockchain projects and financial systems, honing my skills in both back-end and front-end technologies. My expertise spans multiple programming languages and extends to mobile development. Always excited to tackle new challenges in the ever-evolving world of tech.

Work Experience

Jul 2023 - Jul 2024
Ho Chi Minh, Vietnam
